## What's New in the AutoCAD?

Work efficiently, with a responsive, intuitive User Interface. Edit drawings with a new compact user interface that intelligently scales to fit your screen resolution. Design mobile-first to deliver high-quality, responsive designs on all screen sizes and resolutions. Markup Assist: Turn your markup into guides, custom text styles, and brushes, right from within your designs. (video: 3:19 min.) Our Logo AutoCAD will be available in multiple versions, including Windows and Mac versions. Windows will continue to receive updates of AutoCAD as well as the ability to customize the Windows environment to work with your computer, display, and other hardware. Mac users can expect continued improvements to workflows, performance, and user experience. AutoCAD will continue to be available to license via direct sales and licensing agreements. Users will also be able to obtain AutoCAD by subscription. Subscription pricing will be available in late 2020. We plan to release an AutoCAD Next version after the release of AutoCAD 2023. This is a new version with a new name, features, and functionality. We are planning a product launch with AutoCAD Next, which will include enhancements to the built-in, web-based drafting features, as well as enhancements to the C++ application core. We will continue to communicate about the products you use and expect to use, and we will use this forum to provide you with information as it becomes available. In 2020, we will also offer a bundle of software from our partners for existing AutoCAD customers. Existing AutoCAD customers will continue to be able to use the current version of AutoCAD for Windows and AutoCAD LT for Windows for the period of time after they upgrade to AutoCAD 2023. Existing AutoCAD customers will also continue to receive support and updates for their existing licenses of AutoCAD and AutoCAD LT. Previous press releases Supporting AutoCAD for Windows, AutoCAD LT for Windows, and AutoCAD for Mac As AutoCAD continues to grow, our customers span diverse geographies and utilize a variety of platforms to work with their designs. We recognize that different approaches are appropriate for different circumstances. For customers who want a single application to handle all of their AutoCAD drawing needs, they can continue to use AutoCAD for Windows and AutoCAD LT for Windows.
