## Canon MP Navigator EX For Canon PIXMA MP250

Canon MP Navigator EX for Canon PIXMA MP250 is an application developed for users of Canon PIXMA MP250 printers, which serves to scan, print and save documents and photos. Developed by Canon itself, this utility bundles a set of practical functions that can manage scans in an intuitive manner, with support for OCR documents. Although the name implies so, the product's compatibility list doesn't include only the MP250 model, but also MP270, MP490, MP550, MP560, MP 640 and MP990 printers as well. Simple in design, Canon MP Navigator EX for Canon PIXMA MP250 makes an impression through ease of use and accessibility, having been tailored to meet the needs of both beginners and professionals. With the aid of a connected printer, the application is able to import scans directly from the device, allowing for a wide array of further operations. The scans can be edited, exported to the PC, as well as saved in PDF Format or attached to an e-mail. Another interesting feature comes from the built-in OCR engine that converts a scan into text format. This is done with a minimal impact on the quality of the source photo or document, providing users with a myriad of conversion settings. Various parameters such as color mode, document size, resolution and output format are available for customization. Alternatively, if you're not satisfied with the outcome provided by the application, you can set another OCR application to process the scans. Considering all of the above, Canon MP Navigator EX for Canon PIXMA MP250 is worth your while if you own a Canon printer that fits its compatibility list. It manages to accomplish a great deal of tasks that otherwise would take forever to carry out. The vendor has also released a free trial version which lets you check the features of Canon MP Navigator EX for Canon PIXMA MP250 and evaluate its functionality. Another interesting feature that comes with the trial version is that the application is able to batch-scan in batches of 10 photos, which can be easily done with one button. Canon MP Navigator EX is a very useful application designed to manage all of your scans and printouts. It is compatible with a wide variety of printers from Canon, including: \*\*MP560, MP630, MP640, MP620, MP700, MP7000, MP750, MP750D, MP800, MP810, MP820, MP830

## What's New In Canon MP Navigator EX For Canon PIXMA MP250?

The program by Canon is a scanner that combines three functions into one, and turns it into a multi-functional machine. With this tool, you can scan documents, photos and drawings. The scanner allows you to edit files and attach it to emails. You can change the size of the scanned content, adjust the brightness and contrast, apply filters or even colorize your documents. The program is equipped with the ability to convert scanned documents into PDF files. It also supports its own internal OCR system that lets you convert scanned documents into text, then edit it to make corrections. The program is easy to use. After scanning, the documents will be saved as JPEG, PDF or TIFF files. You can attach the scanned document to an email, and send it to your friends via your PC or mobile phone. You can also save your scanned files in.TIF format and the text from them will be saved in.DOC format. The program will make it easy for you to attach the files to emails. Canon MP Navigator EX for Canon PIXMA MP230 is an application developed for users of Canon PIXMA MP230 printers, which serves to scan, print and save documents and photos.
